DRIVE BELT KIT

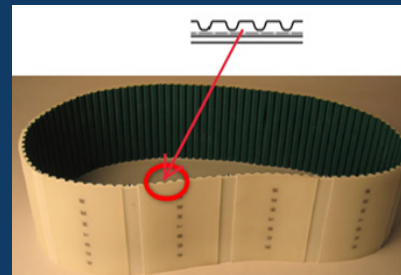

Processed Cheese Slices
Wrapping Machine

OLD

NEW

IMPROVE THE LIFETIME AND THE AVAILABILITY OF YOUR MACHINE!

In order to improve the lifetime of your forming central belts and to reduce your maintenance costs, our engineers redesigned the central forming belt with new throat teeth and splitted the pulleys in three elements.

The combination of these two new elements improves the lifetime of the belts as the friction coefficient is reduced. Thus, they are now better adapted to high-speed machines.

**GET TODAY
A REPLACEMENT KIT
COMPOSED BY:**

3 PULLEYS AND 1 SET OF FORMING BELTS ASSEMBLY
